**Technical Assistance regarding the FERC Paper Hearing on the PJM
Transmission Owners' Request to Fund Network Upgrades**

Before the Federal Energy Regulatory Commission

Docket No. ER21-2282

Sponsored by the

Office of the People's Counsel for the District of Columbia

RFP Issue Date: January 19th, 2022

Proposal Due Date: January 31st, 2022

SECTION 1 - SCOPE OF WORK

I. Introduction

The Office of the People’s Counsel for the District of Columbia (“DC OPC” or “Office”), the statutory representative for District of Columbia ratepayers, seeks technical services from firms and individuals with experience in public utility finance, credit ratings, risk management transmission planning, cost allocation and transmission rate design to assist DC OPC in its representation of District of Columbia ratepayers in a Federal Energy Regulatory Commission (“FERC” or “Commission”) paper hearing related to the funding of network upgrades and ensure that the proceeding results in rates that are just and reasonable and appropriately balance the risk between consumers and transmission owners.

This request for proposals (“RFP”) is released pursuant to DC OPC’s contract and procurement authority as outlined in D.C. Code §§ 34-804(c), 34-912.

II. Background

On June 30, 2021, PJM Interconnection, LLC (“PJM”), on behalf of the PJM Transmission Owners¹ (“PJM TOs”), filed revisions to the PJM Open Access Transmission Tariff (“PJM Tariff”) with FERC proposing to grant the PJM TOs the option to fund the capital costs of, and earn a return on, Network Upgrades² associated with the interconnection of new generation resources. On July 28, 2021, DC OPC along with other members of the Joint Consumer Advocates (“JCA”)³ filed a protest, arguing that the proposed revisions would raise costs and risks for consumers, undermine competition, and negatively impact the development of certain generation resources and thus could not be shown to be just and reasonable and nondiscriminatory as is required under Section 205 of the Federal Power Act. The JCA further argued that the proposed revisions are contrary to the ongoing efforts by FERC and PJM to craft more robust interconnection and cost allocation policies.

On August 20, 2021, the Commission issued a Deficiency Letter to the PJM TOs seeking additional information on a number of issues. On September 20, 2021, the PJM TOs provided their response to the Deficiency Letter. On October 12, 2021, the JCA filed a protest, arguing that the PJM TOs’ response to the Deficiency Letter neither answered FERC Staff’s detailed requests for additional information nor addressed the concerns raised in the Deficiency Letter and the JCA’s original protest.

¹ The PJM TOs are the entities defined in section 1.28 and Attachment A of the Consolidated Transmission Owners Agreement.

² The PJM Tariff defines Network Upgrades as “modifications or additions to transmission-related facilities that are integrated with and support the Transmission Provider’s overall Transmission System for the general benefit of all users of such Transmission System.” PJM Tariff § I.1.

³ In addition to DC OPC, the JCA include Maryland Office of People’s Counsel, Delaware Division of the Public Advocate, and the Office of Illinois Attorney General Kwame Raoul.

OPC-RFP-T-2022-09

On November 19, 2021, the Commission issued an order finding that the proposed PJM Tariff revisions “have not been shown to be just and reasonable, and may be unjust, unreasonable, unduly discriminatory or preferential, or otherwise unlawful” and setting the matter for a paper hearing.⁴ In so doing, the Commission also accepted the revisions for filing, but suspended them for a five-month period, subject to refund and further order by the Commission following the paper hearing.

On January 13, 2022, the PJM TOs and Edison Electric Institute submitted initial briefs in response to the November 19 Order establishing a paper hearing.⁵

DC OPC/JCA’s reply brief is due February 28, 2022.

III. Scope of Work

DC OPC seeks technical services from qualified firms and individuals to assist in advocating for DC consumers during the Commission’s paper hearing process. In particular, DC OPC seeks assistance with the following:

- Developing a greater understanding the impact on consumers if the PJM TOs are given the option to elect to fund Network Upgrades;
- Reviewing and responding to the questions the Commission posed in the November 19 Order and the PJM TOs’ and others’ responses to these questions, including:
 - the alleged risk the PJM TOs face in owning and operating Network Upgrades;
 - the appropriate level of compensation to the PJM TOs for owning and operating Network Upgrades;
 - the alleged necessity of the proposed PJM Tariff revisions to attract sufficient capital to fund the activities of the PJM TOs;
 - any protections in the proposed revisions against undue discrimination by the PJM TOs in their election of which Network Upgrades to fund or the ability of the PJM TOs to unjustly seek to increase the need for and/or size of Network Upgrades in order to increase their rate base;
 - potential risks and costs to consumers of the proposed requirement that interconnection customers provide a letter of credit and the ability of interconnection customers to obtain financing at lower rates;
 - proposed transparency measures to address any undue discrimination;
- assisting with reply comments to the PJM TOs’ and others’ responses including reviewing drafts of comments and providing, if necessary, an affidavit;
- if necessary, drafting discovery to access any needed additional data to needed respond to the questions; and
- attend all necessary hearing, meetings, and conferences with DC OPC, the Commission, and other parties.

No work may be commenced until the Office and the successful offeror have executed a contract amendment for the additional compensation.

SECTION 4 – ACCESS TO RECORDS

The proposal filed in response to this RFP shall be considered a public document and may be available to the public pursuant to the District's freedom of information laws. The successful offeror agrees that the Office shall own and have unlimited right to all interim and final written

SECTION 6 – TERMS AND CONDITIONS RELATED TO THE RFP

This RFP does not bind or otherwise commit DC OPC to enter into a contract or to pay any cost incurred in the preparation of a proposal in response to this request. DC OPC reserves the right to accept or reject any or all proposals received, to negotiate with all qualified sources, or to cancel or modify this RFP in whole or in part. DC OPC reserves the right to request additional written data, information, oral discussion, or presentations in support of any written proposal or portion thereof, which is deemed necessary to clarify any aspect of a proposal.

SECTION 7 – TERMS AND CONDITIONS RELATED TO THE SCOPE OF WORK

It is understood and agreed that if, through any cause or for any reason, the successful offeror fails to fulfill in a timely and professional manner the obligations under the successful proposal or violates any of the terms of this RFP or contract entered into pursuant to this RFP, the Office shall have the right to terminate the contract by giving written notice of termination. In the event of such termination, all finished or unfinished documents, data, studies, testimony, exhibits, or other material prepared or being prepared pursuant to this engagement shall, at the option of the Office, become DC OPC's property and the successful offeror shall be entitled to receive just and equitable compensation for any reasonably satisfactory work performed.
