By law, it advocates for consumers of natural gas, electric, and telephone services in the District. District of Columbia law designates the Office as a party to all utility-related proceedings before the Public Service Commission. The Office also represents the interests of District ratepayers before federal regulatory agencies. The Office is authorized to investigate the operation and valuation of utility companies independently of any pending proceedings.
- B. Rothschild Financial Consulting will provide financial advisory support regarding DC Water’s 10-Year, 9.69 Billion Capital Improvement Plan. Rothschild Financial Consulting will assist OPC staff and the Directorate to include the following tasks, or similar per OPC’s direction:
- Strategic baseline assessment, including understanding OPC’s “disaster scenario” definition, triggers and threshold; prioritization of levers and degree of timeline flexibility.
 - Provide analysis of debt affordability & stress testing strategies.
 - Evaluate financing structure, review PAYGO and intergenerational equity.

- Propose solutions for capital plan optimization and risk mitigation, including “self-insurance” strategies.
 - Provide next steps & advisory support, such as: identifying and outlining strategic options available to OPC based on our analysis; assisting in the development of targeted information requests and summarizing our findings.
- C. It is for the reasons outlined herein that it is recommended that a sole-source contract be exclusively awarded to Wilson Energy Economics.
